ASPHALT MIX CUM WET MIX PAVER FINISHER

'KESAR' Pavers is based in Gozaria where we have our production factory, service department and stores department. We have continuously manufactured in our Factory at Gozaria, Dist: Mehsana, Gujarat, India Since 2005.

Our range of rubber tyred Paver Finishers provide paving widths from 2.5 meter to 4.5 meters and on customer requirements up to 5 meters with depths from 10 - 200mm.

Our comprehensive model range includes 4 wheeled Asphalt cum Wet Mix Macadam Pavers.

THE KEY BENEFITS AND KEY FEATURES OF THE 'KESAR' PAVER RANGE ARE

- ♦ High ergonomics
- ♦ Innovative modern and solid design technology
- ♦ Rugged construction
- ♦ Precision performance
- ♦ Power Steering
- ♦ Air Brake for effective braking
- ♦ Special Design of chassis for more strength & stability
- ♦ All operational controls are provided at one dashboard
- ♦ Auto parts of TATA / LEYLAND vehicles for easily availability of spares.

Dedicated solely to the manufacture of 'KESAR' Asphalt Hot Mix Paver cum Wet Mix Paver Finishers product ensures users of our Product are supported by a company focused totally on their continual paving needs.

User friendly, simple maintenance, generous and easy access are key features in any 'KESAR' Paver built today, with a strong influence to provide complete customer satisfaction throughout the service life of the 'KESAR' paving unit.

Versatility and flexibility enables our Paver to amend and alter standard build specification machines to be specifically tailored to match your exacting requirements, be that a country trend or an individual preference.

SERVICES
